

## january newsletter

### news headlines

› **The Mayor of London's Green Procurement Code – what's in it for me?**

Find out more about the Green purchasing support service, The Mayor of London's Green Procurement Code, and understand how its online forum can benefit your organisation.

› **Socially and Environmentally Responsible Procurement**

A major international collaborative project on social and environmental procurement is being undertaken by the Centre of Business Organisations and Society, together with partners in Italy and India. This challenging project is investigating how firms located in the UK and Italy manage social and environmental issues within their relationships with suppliers in China, India and their domestic market. [Find out more and discover how you can participate.](#)

› **A Guide to Sustainable Supply Chains for Procurement Professionals**

Practical help and advice for procurement professionals looking to implement sustainable procurement in their supply chains.
