› **Action Sustainability is one year old!**

Action Sustainability has completed one year of successful operation. Through our events and activities over the last year we have engaged with more than 2,000 businesses.

› **Meet the Buyers success!**

£2.2M of new business has been estimated to be won by suppliers of sustainable products and services as a direct result of having attended Action Sustainability's first Sustainable Solutions Meet the Buyer event in London earlier this year.

› **3rd International Expert Meeting on the 10-year Framework Programmes for Sustainable Consumption and Production (SCP) under the Marrakech process.**

Find out what's happening on an international level on SCP and how this will affect your business. Discover how one of Action Sustainability's Directors, Barbara Morton is involved in this agenda.

› **Assuring a Legacy**

Understand more about the role of The Commission for a Sustainable London 2012 in assuring the sustainability of the London 2012 Olympic Games and Paralympic Games and legacy. In this article we hear from the person tasked to lead the new commission, Chair, Shaun McCarthy (also one of the Directors of Action Sustainability).

Green-Works - a social enterprise with the mission to "radically change the way society thinks about waste".

Set up in 2000 by Colin Crooks (Chief Executive), Green-Works is a registered charity which has revolutionised office waste streams. Green-Works collects vast quantities of redundant office furniture from commercial and public sector organisations with the intention of diverting it from landfill and then passes it on to charities, schools, community and voluntary groups and start-up businesses at discounted prices.
